

Freelancer Starter Kit

A quick-start checklist for Filipinos who want to earn online — what to prepare, where to sign up, and the first steps to getting paid.

SECTION 1 — BEFORE YOU START

[] **Decide what service you want to offer**

Pick ONE: virtual assistant, data entry, social media, writing, etc.

[] **Set up a Google account (if you don't have one)**

You'll need it for Google Docs, Sheets, Drive, and Gmail.

[] **Prepare a device**

A laptop is ideal. A smartphone can start you — but upgrade when you can.

[] **Check your internet connection**

Minimum: 5 Mbps for most freelance work. Globe/Smart prepaid works, but fixed line is better.

[] **Set up a payment account**

GCash is the easiest. PayPal is needed for international clients. Both is best.

SECTION 2 — PICK YOUR PLATFORM

[] **OnlineJobs.ph**

Best for Filipino-to-foreign client work. Free to browse, paid to apply.

[] **Facebook Groups**

Search: "Online Jobs Philippines", "Freelancers PH", "VA Jobs". Free.

[] **Upwork**

International clients. Competitive. Good for long-term contracts.

[] **Fiverr**

Good for one-time gigs. Set up a "Gig" and wait for buyers to find you.

SECTION 3 — SET UP YOUR PROFILE

[] **Write a short bio (2-3 sentences)**

Who you are, what you do, and why a client should pick you.

[] **List your top 3 skills**

Even basic ones count: typing speed, English grammar, Microsoft Office, Canva.

[] **Upload a clear, professional photo**

Plain background. Face visible. No filters. Smile.

[] **Set your rate**

Beginners: ₱150–₱300/hour, or ₱5,000–₱10,000/month. Don't undersell below ₱150/hr.

SECTION 4 — AVOID COMMON MISTAKES

- [] **Never pay to apply for a job — legitimate clients never ask for fees upfront.**
- [] **Never send personal IDs to someone you haven't verified.**
- [] **Always agree on rate and scope BEFORE starting work.**
- [] **Do not work for free "for exposure" — your time has value.**
- [] **If it sounds too good to be true (₱50,000/week for 1 hour of work) — it's a scam.**
